

# Asthma & Anaphylaxis Pro-Active Criteria

Sign and return this form to the Asthma Foundation of Tasmania by:

**Post** PO Box 609, Moonah, TAS, 7009  
**Email** schools@asthmatas.org.au  
**Fax** (03) 6272 3613

School's name: ..... Campus: .....

**Complete Criteria 2, 3 and 4 within 60 days from the training.  
Valid for 3 years.**

- 1. Personal Safety Plans\* have been developed for each High Risk Student\*.**  
To achieve this criterion, Key Staff must attend a Safety Planning Workshop (see above) conducted by the Asthma Foundation of Tasmania which consists of:
  - i. a discussion of general safety protocols
  - ii. a brainstorming session to help Key Staff developing a Personal Safety Plan based on at least one case study of a High Risk Student with asthma or anaphylaxis
  - iii. strategies for reducing absenteeism amongst some High Risk Students with asthma.
  
- 2. A commitment that at the beginning of each school term there is a brief Staff First Aid Demonstration\*.**  
To achieve this criterion a demonstration – lasting around five minutes – is put in place to help staff members familiarise themselves with administering emergency medication for asthma and anaphylaxis, conducted by your first aid officer.
  
- 3. A commitment to point the parents of a child with uncontrolled asthma toward a service that will assist in getting the student's asthma under control.**  
To achieve this criteria, staff will be vigilant of students' use of asthma reliever medication. If the student uses medication at school, an Uncontrolled Asthma Mail Out will be sent to the parents. This information can be found on our website, [www.asthmatas.org.au](http://www.asthmatas.org.au)
